

# ABOUT US

We specialise in developing **fast loading, mobile-friendly and secure** websites for basic, corporate, and e-Commerce businesses. With unique design and better user experience, the website that we develop will drive your business forward generating more sales!

WEAMSE was incorporated in 2017 aiming to provide an end-to-end solution for your business needs. We create basic expandable websites for small businesses and updated modern, fast-loading websites for existing businesses. WEAMSE help established businesses achieve the extraordinary possible level of profit.

Our team consists of experienced and knowledgeable members who are experts in different fields. We take great pride in providing the best for our clients.

# WHAT WE DO

We develop highly converting, easy to manage websites.  
We will help you grow your business 10X!

## Corporate Websites

A well-designed corporate website will attract your customers

## Website Optimisation

A well-designed corporate website will attract your customers

## E-Commerce Websites

We create e-commerce websites that are easy to manage.

## Ongoing Maintenance

Website maintenance on a regular basis through theme and plugin updates.

## Personal Websites

Showcases you, your identity, your talents and your portfolio

## Graphic Design

Modern brand identity and assets but holding together your aesthetics.

## Website Redesigning

How fast website loads is critical. Improve page load times on mobile devices.

## Security Updates

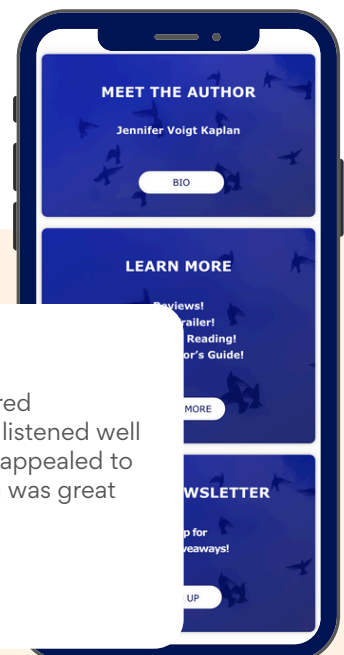

An updated website is less vulnerable to attacks and more loved by Google.

I made a fantastic decision when I hired WEAMSE to build my website. They listened well and offered designs that specifically appealed to my target audience. Communication was great and they were very knowledgeable
